By the experience of 75 of your neighbors and friends, keep this fact ever before your mind: The average GAS BILL per month in 75 residences right here in Maysville—where Gas Ranges were in use last summer for the months of June, July, August and September—was \$2.81. Think of it, 9¢ cents per day. Where are you getting any such value with any 10 cents that you spend? No other means that you can command will work such wonders at so small a cost. We always did and will continue to secure the best merchandise made in the country. We will be able to show this season several lines of Young Men's and Men's Clothing that will be a revelation to our patrons. No industry in America has made greater strides towards attaining "perfection" than the clothing and shoe trades. The rivalry of leading manufacturers to produce better merchandise than competitors is an absolute guarantee to the consumer, who uses good judgment, that he wears the best that is made. You will always find the best in our house. We buy for "SPOT CASH" only, hence the best of fine clothing and shoe producers keep us constantly in touch with their newest productions, and our good dressers enjoy the benefit of these conditions as well as ourselves.

CUBA is making a strong bid to become a part of the United States. One of her Provincial Treasurers and \$30,000 are missing.

SEVERAL members of the Legislature say that there's a probability of making Ohio a Prohibition state. Now, "What do you think of that?"

THERE is a great demand for flax all over the world, and a great effort is being made to induce Americans to cultivate it. Mason county farms will grow flax to beat the band, and some of the fellows who can't make anything raising tobacco might take a whack at that.

THE Owingsville Outlook,—which knows how it is itself, being taxed \$15 a year to make up for the abrogation of saloon licenses by the City Council of that town,—has this to say of the County Unit Bill passed by the late Legislature—

"The Prohibition County Unit Bill was passed by the Kentucky General Assembly, and it went to the Governor for his signature to become a law. It violates the principle of local self-government in regard to towns of the fifth and sixth classes. The citizens of the whole county may impose Prohibition on towns of those two classes, though they have to pay none of the taxes necessary to run the government of those towns. Liquor license is an important source of revenue, and if the citizens of incorporated towns wish to raise revenue by it they ought to have the legal right to do so. In fact, some towns cannot raise sufficient revenue otherwise without unduly burdening their taxpayers or business men, and you don't have to go any farther than Owingsville to find an example."

WHAT a pity some of those critical Senators at Washington are not on the "firing line" in the Philippines. They know so much better how to conduct a battle—with their mouths—than Uncle Sam's soldiers do.

THE Scrubwomen's Union is the latest. It has been organized at Portland, Me., and the price of scrubbing raised from 15 to 20 cents an hour. It is presumed that the scrubber must furnish soap and sich to the scrubee.

IF the thing keeps up, Governor BECKHAM will soon be in position to sympathize with the newspaperman. Within a few days he received several anonymous letters, the last one from Covington, criticising his action in not including the Poolroom Bill in his call for the special session, and advising him that it is not yet too late to issue a mandatory call, which would include the bill. It recites the incident of the bill being stolen, and how such an act would not be tolerated in any other state in the Union. For once, the writer need not have been ashamed to sign his name to the letter, for the latter part of it at least is a redhot truth.

AND now comes the sequel to the Chicago idea for a Cemetery in which only Union Labor men shall be buried. The Chicago Federation of Labor has declared war on the Chicago Undertakers' Association, branding the body as "a Trust of the worst order." After a lengthy discussion of the subject these conclusions were arrived at by the Central Labor body:

"No Union man shall purchase a non-Union casket or assist in paying for a non-Union casket.

"No member of the Union shall act as a pallbearer at a funeral where a non-Union casket is used.

"When the services of an undertaker are needed by a friend of a Union man, it is his duty as a Trades Unionist to tell the members of the bereaved family how to secure a Union casket.

"An investigation of the methods of acting and prices charged by the members of the Chicago Undertakers' Association shall be made at once, and ways and means of suppressing the Trust found."

Bad Blood Made Good

The season of the year is approaching when we show the effect of the indoor confinement of winter. It is time when the blood gets impure through lack of exercise and because of the amount of heat-making foods that are apt to be consumed during cold weather. Dullness, depression and lassitude are the results. A good blood purifier will pay large returns in increased health and new energy. We know of nothing better than

Chenoweth's Sarsaparilla

This is a remedy which is compounded on scientific principles. It purifies and enriches the blood, aids digestion, clears the complexion and gives new strength and energy.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

SENSIBLE MINERS

They Oppose Government Ownership of the Coal Mines

Louisville Courier-Journal.
The miners' convention has voted down a resolution declaring in favor of the Government ownership of mines, which goes to show that the element most directly interested has ideas on the subject quite different from those of certain politicians who think party platforms are incomplete and miners' votes insecure unless a plank declares for Government ownership of mines.

The action of the miners is a good precedent. Now that they have taken this position on the subject of mines the employees of the drygoods stores, distilleries, flourmills, railroads, barber shops, hotels, saloons, cigar factories, chewing-gum establishments, peanut roasters, toothpick makers and livery stables, may come to the conclusion that Government ownership of all these interests and industries would be objectional.

The miners have adopted the wise and judicious course. There is no more reason why the Government should own the coal mines than the other properties and businesses just catalogued.

Messrs. S. C. Cliff, J. G. Early, James Brannon, James Bowman, W. A. Smith, Eneas Myall, W. L. Wells and William Ryan, all of this county, were at Millersburg Saturday last to attend the combination sale of McClintock & Sons and John Hunter.

TWICE-TOLD TESTIMONY.

Maysville People Are Doing All They Can For Fellow Sufferers.

Maysville testimony has been published to prove the merit of Doan's Kidney Pills to others in Maysville who suffer from bad backs and kidney ills. Last any sufferer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Maysville people saying that the cures they told of years ago were permanent. Here's a Maysville case.

George N. Crawford, blacksmith and wheelwright, at Second and Lee streets, and living at 216 Lee street, Maysville, Ky., says:

"In the spring of 1900 I gave a testimonial telling what Doan's Kidney Pills had done for me, and I am pleased to say I can just as warmly recommend this remedy now as I did then. No other medicine ever gave me such prompt and positive relief from backache and kidney trouble as Doan's Kidney Pills procured at J. James Wood & Son's Drugstore, and I believe them to be by far the best remedy for kidneys there is. Sufferers from such troubles ought to give it a trial."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
